English Language Summer School

ALL GIRLS

AGE 11-17

We are passionate about girls and their education. Our lessons are tailored to girls and the way they naturally learn.

English Language Centred Experience

Our Intensive English Summer Schools are a chance for pupils to prepare for study in the UK or improve their language skills with academically intensive but fun and interactive lessons in their English, core curriculum and main options choices.

Girls can progress in an environment that has supported outstanding educational achievement for over 200 years, so they can grow and fully develop this summer.

The Mount offers a robust, reliable and trusted 6-week on-site summer school experience to enhance and enrich the acquisition of different skill sets to prepare for the next level of study in English.

The purpose of the summer school is an English language-centred experience that develops new learning techniques, practices and learning styles. With leadership from Mount School teachers, pupils will be able to enjoy and achieve progression in our fourth term.
